**DSM**

BRIGHT SCIENCE. BRIGHTER LIVING.

# Delvotest®: it's the gold standard for a reason

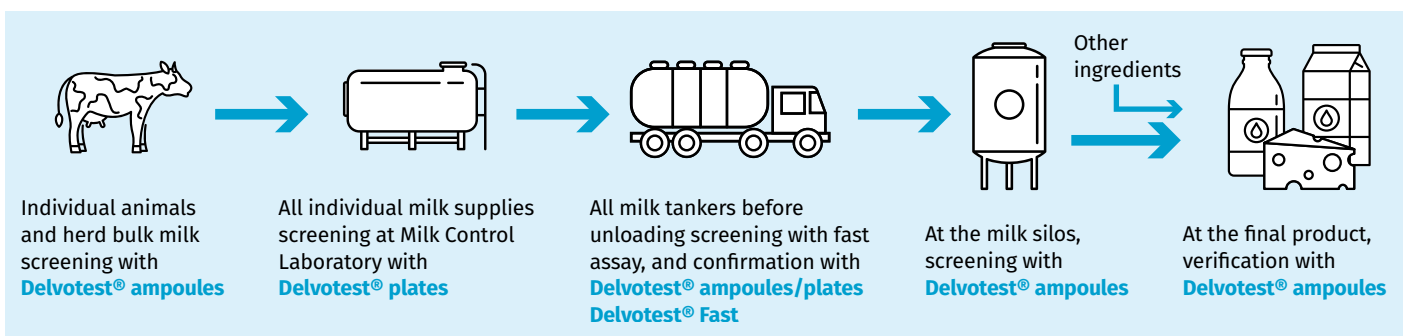

Delvotest® for dairies is the broadest-spectrum antibiotic residue test on the market today and has been the industry gold standard in antibiotic residue testing for 40 years. It delivers accurate, reliable results with an extremely low rate of false positives. Not only is this solution internationally validated, it's also tailored to detect the most commonly used antibiotics in your specific region. And all this is supported by our world-class technical and application expertise, wherever in the world you are.

## Customers need:

- ✓ **Guaranteed accurate and reliable** antibiotic residue testing.
- ✓ **A broad testing capability** that detects as many antibiotics as possible.
- ✓ **Cost-effective testing** that minimizes waste and milk losses.

## What Delvotest® delivers:

- ✓ **The gold standard for safe milk conform legislation** internationally validated, AFNOR and AOAC certified.
- ✓ **The broadest detection available** detects all major antibiotics at or below MRL.
- ✓ **Maximization of your profits** on every drop of milk you produce.
- ✓ **Easy to use**
